STEWARDSHIP PROGRAM**

Eastgate Public Health Center
Bellevue, Washington

Tuesdays 6:30 - 9:30

Jan. 18th – Mar. 15th, 2005

Program Sponsored by:

WASHINGTON STATE UNIVERSITY
KING COUNTY EXTENSION

King County

Washington State University Extension is now recruiting for the **Forest Stewardship Program**. Learn how to write a forest management plan, enhance your stewardship practices and explore options to reduce your property taxes.

Who Should Attend?

Forest landowners interested in:

- *Learning more about keeping their forest healthy and productive*
- *Learning how to develop and implement their property management objectives*
- *Reducing property taxes by enrolling in one of several tax incentive programs*
- *Writing a forest stewardship plan*
- *Learning proper natural resource stewardship techniques.*

Why Should I Attend?

If you are interested in developing your own forest management plan and/or enrolling your property in one of the several tax incentive programs available to forest landowners, this class is for you.

With guidance and technical assistance from natural resource professionals, you will learn to develop a plan that is consistent with your objectives and the characteristics of your property. At the end of the class, you will have written a comprehensive forest management plan. An approved plan can qualify you for one of King County's tax savings programs or for cost-sharing programs through Washington Dept. of Natural Resources.

What Will I Learn?

Classes emphasize practical stewardship of forest resources. You will learn:

- *How to read your forest. Is it healthy? What signs should I watch for?*
- *How to improve wildlife and fish habitat*
- *How to manage your timber resources*
- *How to derive income from non-timber forest products*
- *How to protect soil and water resources*
- *How to control invasive weeds*
- *And much more!!!*

In addition to class attendance, there will be homework and reading assignments.

The fee for the class is **\$100 per family** and includes class materials, access to instructors and a site visit from a forester. Sign up today, as classes fill quickly! Enrollment in this class is limited to 30 students and is first-come, first-serve!

Classes will be held on eight Tuesday evenings, Jan. 18th – March 15th (no class March 1st), from 6:30 -9:30 p.m. There are also two all-day Saturday field trips, Feb. 12th and March 5th (tentative).

To register, complete the attached registration form and send it with payment **by no later than January 11th, 2005.**
